

SUNDAY SEMINARS

KIDS’ SEMINARS

Children from infancy through 5th grade are shepherded by caring, godly teachers using the Gospel-saturated *Truth78* curriculum. By the end of their time in these seminars, the youngest generation of the Church will have walked through the Bible, seeing Jesus Christ and His saving work, as well as learning Who God is in His character, holiness, and majesty.

STUDENT SEMINARS

Crossed Out Student Ministries is SVC’s focused ministry to students in 6th-12th grades. Resting on the conviction that the Holy Spirit transforms His people through His Word, COSM’s core discipleship strategy is to introduce students to God’s Word verse-by-verse and book-by-book. The student seminars teaching covers a seven-year period, allowing a student to be systematically taught every major doctrine of the Christian Faith in the context of Bible exposition, with a heavy emphasis on knowing all of Christ in all of life.

CORE SEMINARS

Everyone who is united to Christ needs to grow in the grace and knowledge of their Savior, and Core Seminars is one of the key ways SVC seeks to help the saints grow. Core Seminars are for anyone who would like to spend time on Sunday mornings being taught the essentials of the Faith, gain an overview of the Bible, and explore key areas of the Christian life together. The Core is broken into three categories:

Bible

OT Survey I: Genesis-Song of Songs

This seminar looks at the themes, outlines, big ideas, and applications of Genesis through Song of Songs.

OT Survey II: Isaiah-Malachi

This seminar looks at the themes, outlines, big ideas, and applications of the Prophets.

NT Survey I: Matthew-Colossians

This seminar looks at the themes, outlines, big ideas, and applications of the Gospels, Acts, and the first seven of Paul’s Epistles.

NT Survey II: 1 Thessalonians-Revelation

This seminar looks at the themes, outlines, big ideas, and applications of 1 Thessalonians through Revelation.

Creation and Covenants

This seminar looks at the biblical, historical, and scientific facts of sudden (recent) creation and explores the covenants that God made with mankind and His people.

The Tabernacle

God revealed much of His holiness and His Son in His design of the Tabernacle in the Old Testament, and this seminar takes a deep dive into the worship center of Israel and what it shows about God.

Bible Seminars

Bible seminars will look at books of the Bible—either in whole or focusing on a specific part—chapter-by-chapter and verse-by-verse.

Doctrine & Theology

Fundamentals of the Faith

Fundamentals takes a look at the essentials of the Christian life, including an understanding of the Person and work of Christ, the Holy Spirit and His gifts, the nature of the Church, and listening to God. Participants are invited to purchase a student guide to accompany the course.

Core Doctrines I

Core Doctrines I is an overview of Scripture’s authority and inspiration, as well as God’s triunity and perfections (attributes).

Core Doctrines II

Core Doctrines II is an overview of the Person and work of Christ and the application of His work by the Spirit in redemption.

Core Doctrines III

Core Doctrines III is an overview of the Church and her mission, the sacraments, and the Last Things.

Worshipping the Holy One

The rhythm of the Christian life is seeing God for Who He is and responding according to His Word. Corporately, this is worship. This important seminar delves into what it means to come before the Holy One.

A Sure Salvation: Biblical Assurance

One of the most distressing questions Christians ask is, “Am I saved?” This seminar explores the tests of authentic faith given in the book of 1 John, and will look at the biblical teaching on true assurance of salvation.

Church History I & II

These two seminars on Church History look at the events, people, and developments of the Ancient, Medieval, Reformation, and Modern Church.

Christian Life

Spiritual Disciplines

The spiritual disciplines are vital to growth in grace, and in this seminar special focus is given to using the means God has given to draw near to Him and grow in Christ.

Life in God’s Church

Life in the local Church is central to God’s purposes in the lives of His people. This seminar looks at what God’s Word says about being the Body of Christ.

Dating, Marriage, & Family Faith

Marriage is meant to point to the Gospel (Eph 5:31-32), and family life is central to God’s discipleship plan (Deut 6:4-7). This seminar considers the formation and life of the family, from the pursuit of the marriage to how parents and children walk with God in daily life together.

The Heart of Parenting

Two parenting seminars are offered that get to the heart of parenting. The first is a DVD series from Paul David Tripp; each week a conference session is viewed, followed by group discussions. The second uses the *Parenting God’s Way* curriculum from Grace Community Church.

Missions I

Jesus’ final command on earth was for everyone who is a disciple of Jesus to go and make disciples of Jesus—this is missions. *Missions I* focuses on personal evangelism in the life of the Christian.

THE KING’S INSTITUTE

While Core Seminars are available for anyone, The King’s Institute is an opportunity for believers who desire to delve deeper into Scripture, doctrine, and the Christian life in a unique setting. The Institute offers a series of Sunday Seminars that require a stated commitment from participants who agree to be consistent in weekly attendance, complete reading and assignments before coming to seminar, and participate meaningfully in seminar discussions. Registration is open prior to each new seminar quarter. Below is a list of Institute seminars:

NOTE: While participation in the Institute does not cost anything, the total cost of assigned books for all the seminars listed (i.e., participation in every seminar over the course of several years) is estimated at about \$220. If you want to join a King’s Institute seminar and book cost is a problem, please talk to a pastor or elder about your options.
